About Me

With **3.5 years** of experience as a **WordPress Developer**, I've successfully worked with multiple software houses and completed **20+ projects**. I'm skilled at solving complex problems and delivering high-quality, user-friendly websites that meet client needs.

Technical Skills

- HTML/CSS/Bootstrap
- PHP/JS/React/RESTful API Integrations
- SQL/SASS/Elementor Pro
- Theme Development/Plugin Development
- WordPress Multisite Setup & Management
- Git (GitHub, GitLab)

Soft Skills

- Problem-Solving/Communication
- Adaptability/Attention to Detail

Education

Master's Information Technology (MSc-IT)
University Of Sargodha   2019- 2021

Passionate about technology, I hold an MSc-IT degree with expertise in software development, system analysis, and database management. I am eager to apply my skills in IT project management and continuously grow in the ever-evolving tech field.

Bachelor of Computer Science
The Superior College Lahore   2016 - 2018

With a Bachelor of Computer Science, I've developed a deep passion for technology and problem-solving. Skilled in programming, software development, and data analysis, I'm excited to use my knowledge to create innovative tech solutions and make an impact.

Experience
